

# THE LIBRARY SCANNING SOLUTION

Easily Scan Books, Documents and Photos into PDF, Word, JPEG, TIF and HTML files. Save to USB, Email, FTP and Google Docs !

-  **Patented book-edge design captures full pages of text without text distortion. Protects book spine !**
-  **Scan and convert books and documents into PDF, Word, JPEG, TIF or HTML files.**
-  **Scanned files can be saved to USB, saved to Email, saved to FTP, saved to Google Docs or sent to a Printer**
-  **Email, print, search, retrieve and edit files saved on USB drive when transferred to PC**
-  **Scans up to 11"x 17" in color or black and white**
-  **Touchscreen PC guides patrons through simple steps.**

**Preserve Your Books - Reduce Copier & IT Costs  
Save the Planet**

**Improve the Way Library Patrons and Staff Scan,  
Save and Share Books, Documents and Photos !**

**PATENTED BOOK-EDGE DESIGN:** Patented scanner design allows the book edge page to lie flat on the glass, thus capturing the full image of the page without distortion. The design protects the spine of the binding from damage, extending the book's life.

**PDF SCANNER:** Scan books and documents into PDF, text-searchable PDF, Word, JPEG, TIF or HTML files. Searchable PDF files allows patrons to search on any word in the PDF file.

**OPTIONAL SCAN-TO-DESTINATIONS:** Items scanned are easily Scanned and Saved to a USB Drive. When connected to the Internet, the BookScan Station can also scan books and documents to Email, FTP and Google Docs. When connected to a printer, the BookScan Station can also Scan-to-Print.

**PAPER FREE, SAVE A TREE:** It's good to be GREEN ! Eco-friendly by eliminating paper, toner and drums. Digital copies can be referenced repeatedly and shared with others while preserving our forests.

**TOUCHSCREEN PC:** Easy-to-use instructions guide the user through the scanning process including setting options for file formats, DPI resolutions, black & white or colour and file names.
