

## A3 ULTRAVISION MICROFILM LIBRARY READER

- ZOOM LENS
- A3 SCREEN
- IMAGE ROTATION

The Solar Ultravision library readers are designed specifically for use in libraries and archive centres. These readers provide a comfortable reading position, ergonomic controls with excellent clarity and illumination. The Ultravision readers with their compact robust construction, simple operation and low maintenance make them ideal for use in libraries, reading rooms and record rooms. Manual or motorised, for 16mm & 35mm rollfilm, the Ultravision A3 is a truly universal reader.
